ClicKey [March-2022]

ClicKey is a lightweight software application designed with a single goal in mind: to help users assign preset typing sounds to their keys. It comes in handy especially if you need to check if your keyboard's keys are working properly or simply want to simulate the sound of a classical typewriter. Since this is a portable program, it is important to mention that it doesn't leave any traces in the Windows Registry. You can copy it on any USB flash drive or other devices, and take it with you whenever you need to assign sounds to your keyboard keys on the breeze, without having to go through installation steps. The tool sports a clean and simplistic layout that allows you to configure the dedicated parameters with minimum effort. The program automatically assigns a sound to each key, and you are offered the possibility to type a letter and listen to its corresponding sound. What's more, you can adjust the volume of the key sound pretty easily, thanks to its built-in slider. Since it doesn't require much computer knowledge to set up the dedicated parameters, even rookies can master the entire process with minimum effort. During our testing we have noticed that ClicKey carries out a task quickly, provides very good audio quality, and no errors showed up throughout the entire process. It doesn't eat up a lot of CPU and memory, so the overall performance of the computer is not hampered. All in all, ClicKey offers a simple software solution when it comes to helping you assign typing sounds to your keys. It can be easily configured and installed by all types of users, regardless of their experience level. ClicKey Features: The software is extremely easy to use The sound effect is personalized to the actual key It is totally free to download and use ClicKey Windows Version The latest version of ClicKey that was available at the time of writing this review is 1.2. ClicKey Free Download Although ClicKey is completely free to download, there are a couple of items that must be purchased. A basic license allows you to assign one sound to one key, and this costs $5.00. To assign more sounds to more keys you will have to purchase a $10.00 package. ClicKey Installation Once you have downloaded ClicKey you can use it directly from the downloaded folder. If you want to keep the program on a fixed location, then you have to create a shortcut.
